## Ron Cameron Foundation Announces Annual Memorial Fundraiser

(Kennett Square, PA) – The Ron Cameron Foundation hosts its 2<sup>nd</sup> annual **Remembering Ron Cameron Golf Outing** June 6, 2007 at Loch Nairn Golf Club in Avondale, PA with proceeds benefiting the Ron Cameron Foundation.

The Golf Outing is the primary fundraising event for **The Ron Cameron Foundation**, dedicated to the memory of the late Ronald W. Cameron who passed away March 20, 2006 at the age of 38. Charitable donations to the Ron Cameron Foundation and proceeds from the annual Remembering Ron Cameron Golf Outing as well as other events and industry and community partnerships are directed to **The Ron Cameron Memorial Scholarship Fund**. The scholarship awards, funded by the foundation, recognize excellence, a passion for the trades and a strong work ethic and include a cash award, commemorative plaque and an invitation the annual golf outing to play and to be recognized. Scholarships are awarded annually to deserving students aspiring to a career in the mechanical trades or construction. Qualifying students are those selected based upon criteria set by the Foundation as well as those students who best exemplify Ron's zest for life, friendship loyalty and hard work.

While this year's event is the 2<sup>nd</sup> annual event, it is the first fundraising campaign as last year's event was simply a celebration of Ron Cameron's life and memories. Last year's sold-out event received such overwhelming participation and response that The Ron Cameron Foundation was formed this year to generate capital to fund scholarships in Ron's honor, which resulted in an expanded event for 2007 with 144 golfers, event sponsors, event contributors, additional reception and dinner attendees, and several discretionary donations to the foundation.

The mission of the Ron Cameron Foundation and Memorial Scholarship Fund is to contribute pride, passion, excellence, and a zest for life to the trades by attracting motivated and enthusiastic individuals with a stellar work ethic to enhance the existing workforce and replace those lost too soon.
